Footnotes:

1. Assumes completion of (2) ABFM Performance Improvement Activities in one year

## **Learn more about AAFP Membership**

### **Payment Reform**

The AAFP works to demonstrate the value family medicine brings to the health care system and increase the investment all payers and employers make in primary care. Our efforts are focused on reducing administrative complexity you face, standardizing and harmonizing administrative requirements, and ensuring appropriate value of the services you provide.

### **Practice Transformation**

The AAFP develops practical tools and resources to help all family physicians-regardless of practice type-build and sustain high-functioning primary care practices while providing quality patient care and achieving professional fulfillment.

### **Workforce**

The AAFP is committed to increasing and supporting the family medicine workforce, from the time a student chooses family medicine through the completion of a satisfying career. By advocating for graduate medical education and payment reform, the AAFP is working to rebalance the composition and distribution of the physician workforce in the U.S., which will benefit you and your patients.

### **Clinical Expertise**

The AAFP equips you with the data, knowledge, competencies and skills to provide high quality, evidence-based care of your patients in the context of family and community. Our clinical recommendations provide you with evidence-based guidance about preventive care, diagnosis and assessment, and management of acute and chronic conditions.
