

Session One Reference Committee Report Template  
May 21, 2022

Reference Committee Chair: Madame Speaker, Reference Committee One has considered each of the items referred to it and desires to present the following report. The Committee’s recommendations on each item will be submitted on our consent calendar.

*Speaker: Should the Congress approve the consent calendar, all items on the consent calendar will be disposed of in that single action. There will not be any opportunity for discussion on any item that is included on the consent calendar after the consent calendar is adopted. It is important, therefore, to extract an item from the consent calendar at this time if you wish to discuss that item. A motion to extract something from the consent calendar does not require a second. Any delegate may extract an item from the consent calendar by so moving that the item be extracted and the item will be extracted without objection. The items on the consent calendar are listed in the report of the reference committee and are being projected on the screen. Does anyone have anything they would like to have extracted?*

28 The Bylaws of the NYSAFP are hereby amended by adding a new section 5 to Chapter 6 and by  
29 amending Chapter 7, Section 11. The amended Bylaws would read:

30

31 ***Section 5.** The Academy leadership has tried to assure geographic balance in the composition of*  
32 *the Board of Directors, in the presidency and in the delegation to the AAFP Congress of*  
33 *Delegates. Downstate New York is generally considered to be New York City, Long Island and*  
34 *Westchester County. Everywhere else in the state is considered to be upstate. To achieve*  
35 *geographic balance, Student and Resident representatives to the Board shall be divided equally*  
36 *among upstate and downstate members of these membership categories. Also, the delegation*  
37 *to the American Academy of Family Physicians Congress of Delegates shall be comprised of an*  
38 *upstate delegate and alternate and a downstate delegate and alternate. The office of president-*  
39 *elect shall rotate annually between an upstate member and a downstate member.*

40

41 Chapter 7, Section 11 is hereby amended to read:

42

1 **Section 11.** The term of office of delegates and alternate delegates to the American Academy of  
2 Family Physicians Congress of Delegates is for two (2) years, to be staggered in such a way that  
3 one (1) delegate and one (1) alternate delegate are elected each year. *Furthermore, each*  
4 *election of a delegate and alternate shall reflect the geographic balance required by Chapter 6,*  
5 *Section 5 of these Bylaws.* In the event that a delegate is unable to act or is prevented from  
6 acting, the ~~first alternate to replace a delegate shall be the alternate senior in years of service in~~  
7 ~~the Congress of Delegates of the American Academy of Family Physicians~~ alternate delegate  
8 from the same geographic region as the delegate who vacates the office shall become the new  
9 delegate and shall complete the term of the delegate who has vacated the office. In the event  
10 that a delegate resigns, is elected to the American Academy of Family Physicians Board, or  
11 otherwise leaves office, such alternate will succeed the delegate and a vacancy will exist in the  
12 office of alternate delegate. Such vacancy shall be filled pursuant to Chapter 6, Section 4 of  
13 these bylaws. The delegates elected to represent this Academy at the Congress of Delegates of  
14 the American Academy of Family Physicians ~~are expected to have had prior experience on the~~  
15 ~~Board of Directors of the New York State Academy of Family Physicians, or prior experience on~~  
16 ~~a committee or commission of the American Academy of Family Physicians~~ and shall be  
17 required to present such resolutions as have been passed by the Congress of Delegates or

19 adoption of the resolutions they present. The delegates shall be depended upon to use their

21 Physicians in acting upon any motions and resolutions about which they have not been

24 The delegates shall submit a report to the Board of Directors. Such report is to be submitted

28 delegates to AAFP shall be members of the Board of Directors.

30 Alternate delegates should attend the meeting of the Congress of Delegates of the American  
31 Academy of Family Physicians and be prepared to assume duties, obligations, and rights of said  
32 delegates.

33  
34 *-The testimony was split on this resolution with a slight edge to support. Discussion focused on*  
35 *this having been a longstanding but informal tradition throughout the years. Questions were*  
36 *raised by the reference committee over why the section regarding prior experience with*  
37 *NYSAFP/ AAFP commissions and committees was crossed out, as it is a reasonable prerequisite*  
38 *and there was not any testimony on this portion of the proposed change. The committee received*  
39 *clarification from Dr. Mumford regarding this particular phrase and the reference committee*  
40 *requested that this be left in as a reasonable expectation. The reference committee recommended*  
41 *a substitute resolution reflecting this change.*

21  
22 Madame Speaker, the Committee recommends 22-03 be **ADOPT SUBSTITUTE**  
23 **RESOLUTION.**

24  
25  
26 Madame Speaker, the Committee considered Item 3 on the Consent Calendar, Resolution 22-07:

27  
28 **SUBJECT: Requirement for COVID-19 Vaccination at NYS Public Schools Once Vaccine**  
29 **Fully FDA-Authorized**

30 RESOLVED that the New York State Academy of Family Physicians (NYSAFP) supports  
31 legislative action for a COVID-19 vaccine requirement for public school attendance for children  
32 age 5 years and older in NY State, once the FDA grants “full approval” (not just emergency or  
33 EUA) for COVID-19 vaccination for this age group, and be it further

34  
35 RESOLVED, the New York State Academy of Family Physicians (NYSAFP) delegates to the  
36 American Academy of Family Physicians (AAFP) Congress of Delegates introduce a resolution

38 for public school attendance for children 5 years and older, once the FDA grants “full approval”  
39 (not just emergency or EUA) for COVID-19 vaccination for this age group.

40  
41 *-Testimony was in opposition due to political pressure, legal concerns, and the need for*  
42 *additional data regarding childhood COVID vaccination. Committee recommends not adopting.*  
43

1 Madame Speaker, the Committee recommends Resolution 22-07 **NOT BE ADOPTED.**

---

4 Madame Speaker, the Committee considered Item 4 on the Consent Calendar, Resolution 22-09:

6 **SUBJECT: Higher Premiums for Individuals Who Decline COVID-19 Vaccination and**  
7 **Lower Premiums for Individuals Who Are Fully Vaccinated**

9 RESOLVED that the New York State Academy of Family Physicians (NYSAFP) will advocate  
10 that health and life insurance companies offer lower premiums/cost of coverage for adolescents  
11 and adults who do receive COVID-19 vaccination, as opposed to those who are eligible and  
12 decline this vaccine. Alternatively they may charge higher premiums to insured adolescents and  
13 adults that are eligible and not “fully vaccinated” against COVID-19, using current CDC  
14 guidelines to define “fully vaccinated” and, be it further

16 RESOLVED that the New York State Academy of Family Physicians (NYSAFP) will bring a  
17 resolution to the American Academy of Family Physicians (AAFP) Congress of Delegates  
18 directing the AAFP advocate for health and life insurance companies offer lower premiums/cost  
19 of coverage for adolescents and adults who do receive COVID-19 vaccination, as opposed to  
20 those who are eligible and decline this vaccine, using current CDC guidelines to define “fully

23 *-Testimony was overwhelmingly in opposition to this resolution. Support was found for its intent,*  
24 *but it is not a feasible recommendation. The committee recommends not adopting this resolution.*

33 RESOLVED that the New York State Academy of Family Physicians (NYSAFP) support public  
34 policies in New York that address BROADLY how to prevent future environmental change and  
35 the inequity of the impact of climate change on health outcomes.

37 *-Testimony was primarily in support of this resolution, however, some of the language was*  
38 *unclear. The reference committee felt that changes to the language of the resolution could be*  
39 *made to make the resolution more concise. The committee recommends adopting the substitute*  
40 *resolution:*

43 RESOLVED that the New York State Academy of Family Physicians (NYSAFP) support  
44 public policies in New York that address ~~BROADLY~~ preventing future changes that

1           *could negatively impact the environment and the inequity of the impact of climate change*  
2           *on health outcomes.*

10  
11 **SUBJECT: Educating Future Family Physicians on Global Climate Change and Health**

12  
13 **RESOLVED** that the New York State Academy of Family Physicians encourage every New  
14 York State family medicine residency program and medical school to educate future physicians  
15 on the connection between climate change and health and their role in addressing the topic with  
16 their patients.

17  
18 *- Testimony was overwhelmingly in support of the intent of this resolution, but not the language*  
19 *of the resolution as written. We agree that education on climate change is important for our*  
20 *physicians however, the extent to which patients should be educated during their medical care*  
21 *encounters was a concern. We recommend removing the words ‘with their patients’ in the*  
22 *resolve and adopting a substitute resolution.*

23  
24 **RESOLVED** that the New York State Academy of Family Physicians encourage every  
25 New York State family medicine residency program and medical school to educate future  
26 physicians on the connection between climate change and health and their role in  
27 addressing the topic ~~with their patients.~~

28  
29 Madame Speaker, the Committee recommends Resolution 22-13 be **ADOPT SUBSTITUTE**

1 contraceptives on factors including prevention of pregnancy and women’s education, poverty  
2 status, and overall health outcomes to be presented to AAFP membership.

3  
4 *-Testimony was overwhelmingly in support of this resolution. Opposition was in concern for the*  
5 *health and safety of patients and for the need for the second resolve. The committee feels the*  
6 *second resolve weakens the first resolve. The committee recommended a substitute resolution*  
7 *with the elimination of the second resolve.*

8  
9  
10 RESOLVED that the New York State delegates to the American Academy of Family  
11 Physicians (AAFP) Congress of Delegates will bring a resolution to the AAFP to support

39 Physicians (AAFP) Congress of Delegates will bring a resolution to the AAFP to support  
40 telemedicine abortion across state lines and protect providers and patients from  
41 criminalization of abortion services.

42  
43 *-Testimony was primarily in support of the resolution. Concern was raised regarding the legality*  
44 *of this resolution, but was clarified as supporting current bills being debated in the New York*  
45 *State Legislature. The committee recommends adopting this resolution as written. If this goes*

1 *forward to the AAFP we recommend changing the title to more accurately reflect the nature of*  
2 *the resolution.*

3  
4 Madame Speaker, the Committee recommends Resolution 22-17 **BE ADOPTED**

13 regulations that place restrictions on or allow criminalization for provision of medications  
14 approved by the FDA, including medication abortion and gender-affirming care, and be it further  
15

16 **RESOLVED**, the New York State Academy of Family Physicians will support laws and

46 centers, ending of separate or unequal care to patients on the basis of insurance status and

1 promoting policies that ensure that all patients are seen by the same doctors, at the same  
2 locations, and at the same time, regardless of insurance status.

3  
4 *-Testimony was overwhelmingly in support of this resolution. Opposition was in concern for the*
