

Mission Statement:

Guided by principles of inclusivity and community, the NYSAFP empowers family physicians, residents, and students to lead through advocacy, education, and mentorship to improve the lives of our members and our patients.

Vision Statement:

We envision a future where every family physician is inspired, energized, and fulfilled.

Values Statement:**A Values Statement for NYSAFP**

The New York State Academy of Family Physicians conducts its business using these values:

Professionalism & Integrity

We value Professionalism and Integrity. We expect NYSAFP members to act and conduct themselves ethically and responsibly and expect to hold each other accountable.

Collegiality, Mentorship, and Fellowship

We value Collegiality, Mentorship, and Fellowship. NYSAFP members treat each other with mutual respect and humility; speak candidly, mentor one another, and actively listen to each other.

Equity and Justice We value Equity and Justice. NYSAFP members seek equity for our members, by encouraging and providing opportunities for member participation and empowerment through inclusivity and for our patients, by examining and correcting issues of health inequity. Members understand the history of structural racism of the profession, the field, and the academy, and seek a future where all members reach their maximum potential.

Advocacy & Advancing the Profession

We value Advocacy. NYSAFP members advocate for, and anticipate the needs of, the family physicians of today and tomorrow, their patients, and their communities.

Open Communication and Transparency

We value Open Communication and Transparency. NYSAFP members expect transparency from our elected leaders and should maintain open communication with each other.

Leadership

We value Leadership. NYSAFP members strive to be leaders in the field of family medicine and in the community.

Scholarship

We value Scholarship. NYSAFP members add to the knowledge base of family medicine

by researching, investigating, and critically thinking; they maintain educational growth through teaching, learning, and applying new information; and they acknowledge success and achievement.

Excellence in Patient Care

We value Excellence in Patient Care. NYSAFP members provide patient- and family-centered care for their patients and seek to improve the health of their communities.
